

Drop-off/Pick-up Procedures

All drop-offs/pick-ups take place in the circle on the east side of the building. This is accessible from Hite School Road.

When entering the circle, please pull all the way up to the fire hydrant. This is just beyond the student entrance (glass entry way — door 8).

If you are in the circle and the school building is on the right side of your car, (yellow area on map) please allow your student(s) to exit your car. We need to maximize the number of cars that unload at the same time.

Please do not pass cars while they are in line dropping students off.

Please do not drop-off your students anywhere but in designated student drop-off area. Any other drop-offs are not safe for your student and may result in discipline for your student.

Students who are walking to or from school should only cross at the cross walk, which is controlled by a crossing guard. It is located on the west side of campus where Old Shelbyville Road meets the road to the faculty/buses lot.
