

Eastern High School – Class of 2021

From the Counseling Office.....

Parents – this week we have started the schedule request process through the English classes. Your students should start bringing home information and paperwork that require your signatures – so please be on the look out for these. Please have candid conversations with your student regarding the classes they are requesting for their senior year. We want students to challenge themselves, but not overwhelm themselves. Senior year is a busy and exciting year! Please take note of the upcoming events.....

Class of 2021 Google Classroom

Please encourage your student to check their Class of 2021 Google Classroom on a regular basis. This is the one-stop shop for your students to find out information on upcoming events and activities involving the Class of 2021.

Items of Note:

- Setting up Parchment and KEES Accounts
- Employment Opportunities
- Scheduling powerpoint overview
- How to Complete student ILPs
